

Beside you through grief's journey **Dear prospective volunteer,**

Thank you for applying to Caring Hearts Camp! As a volunteer-driven non-profit organization, we would not be able to offer this important service without the hard work and support of the caring hearts in our community. Your commitment is truly appreciated by our staff and board!

Please take a few minutes to answer the questions on the following pages openly and honestly. Your answers will help to determine your role at camp and how we can best maximize your experience. If you have any dietary restrictions, mobility impairments, or other needs or special requests that our team should be aware of, please include that on your application so they can be accommodated. We want Caring Hearts Camp to be a memorable and enjoyable weekend for everyone involved, campers and volunteers alike!

Our Camp Director/clinician this year is Raelyn Lonie. Working alongside our Camp Director, we will have a senior clinician and one student counsellor on-site offering support to our campers.

At Caring Hearts Camp, our volunteers fall into two groups:

Activity Leaders oversee a specific activity through the weekend and get to work with youth of all ages. Some of the activities planned are therapeutic (grief buddies craft, calm down jars, sharing circles) while others are more typical summer camp activities (horseback riding, rock wall climbing, canoeing). If you have any special skills or interests that you think could improve the children's camp experience, please include that on your application and we can try to fit that into our programming! Activity Leaders bunk in the Ranch House.

Camp Nurses will work with the Caring Hearts team to provide health care to campers in accordance with provincial health and safety codes. This includes establishing health needs with guardians of campers on registration day, dispensing medication to campers, record keeping, administering First Aid and communicating the need for higher levels of care if necessary. CHC needs at least one Registered Nurse/Registered Psychiatric Nurse/Nurse Practitioner through the weekend, and one Licensed Practical Nurse/RN/RPN/NP.

All volunteers are required to provide a volunteer record check (completed within the last 12 months) before being accepted as a volunteer for our programs, including the vulnerable sector check. Regina Police Service and Saskatoon Police Service both request a letter from the organization on company letterhead: **please email volunteer@caringheartssk.ca, to get this letter prior to going to your local detachment.** Your application can be submitted before you get a copy of your volunteer record check, but all documents must be received by the Caring Hearts team by before the end of August, as the number of campers that we can accept depends on the number of volunteers secured by that date.

If you have any questions, please contact our team at 306-523-2782 or volunteer@caringheartssk.ca.

With gratitude,

Shelley Svedahl, Executive Director
